AMERICAN TAPE DUPLICATORS

AMERICAN TAPE DUPLICATORS, a division of Star Recorded Tape, Inc., now offers you the highest professional quality custom tape duplicating services available to fill ANY need . . . at ANY time. For Educational Institutions . . . for Religious Organizations . . . for Business Firms . . . for Custom Individual Service. Your "Master" tapes can be duplicated in ANY quantity, at any speed you desire . . . and will always retain their FULL FIDELITY, their original quality.

AMERICAN TAPE DUPLICATORS also offers a complete Original Recording Service. Working from your script, a highly qualified staff of announcers, educators, foreign language narrators and audio engineers are on hand to supply you with a product finished to YOUR specifications. Our technicians and engineers, working with Ampex equipment, guarantee the perfection of every finished product. When desired, our staff of artists will create special package designs for YOU . . . including private labels. Whatever your custom sound requirements may be, rest assured that the BEST is assured when you rely on the exceptional services of AMERICAN TAPE DUPLICATORS.

Illustrated on the front of this folder is the home of AMERICAN TAPE DUPLICATORS . . . 5280 West Pico Boulevard, Los Angeles, California. Inside this modern facility, you will find such efficient high fidelity equipment as the Ampex units illustrated below the photo of the building. Other illustrations shown are some of our duplicating, editing and quality-control surveillance equipment.

The exclusive use of superior equipment, such as AMPEX, and the unvarying quality of "Scotch" Magnetic Recording Tape, used exclusively, is combined with the know-how of highly trained engineers and technicians to provide you with an unsurpassed final product.

In addition to the reels and tape, AMERICAN TAPE DUPLICATORS will furnish boxes, labels and, where required, supplementary manuals for Tape Training courses, at a modest cost.

AMERICAN TAPE DUPLICATORS offers a COMPLETE service. Whether your audio problem is simple or complex, our experienced staff can supply expert counsel or solve the complete problem.
